

## TruPak Small Packaging

Order Powder in 1, 3, 5 and 10 Pound Boxes

TCl Powder Coatings has expanded our services even further and has partnered with Intech Services to now offer more than 300 of our most popular colors in 1, 3, 5 and 10 pound containers. These are not rejected powder or powders that have aged. We bring you only the highest quality, reliable powder coatings manufactured specifically for smaller packages. The TruPak colors come from our extensive product portfolio and are available in a variety of textures and effects that meet the quality demands you expect from a powder coating supplier.

Colors are available from the following product lines:

- > 3000 Series High Temperature Systems
- > 6000 Series Epoxy/Polyester Hybrid Systems
- > 7000 Series Epoxy Systems
- > 8000 Series Urethane Series
- > 9000 Series TGIC Polyester Series (meets AAMA 2603 requirements)
- > 10000 Series Superior Exterior Performance TGIC Polyester Systems (meets AAMA 2604)
- > 11000 Series Highest Exterior Performance Organic Systems (meets AAMA 2605)
- > Tru Colors (Hammers, Wrinkles, Peels, Trullusions, TruErase, TruAnodize)
- > Primers
- > Metallics

See all available colors and for more information, please visit <http://www.intechservices.com/TCl-powder-coatings/TruPak>.
